

# ANDREW MURRAY

## CHAIRMAN

### PORTFOLIO OF INTEREST

As a landowner in the Magaliesberg Biosphere, I believe that I represent Landowner interests, but my efforts at Board level are financial and governance.

### SKILLS AND EXPERTISE

I have acted as a Director in a number of businesses and non-profit organisations..

### QUALIFICATIONS

BSc Civil Engineering from the University of Cape Town.

### REASONS FOR YOUR COMMITMENT AND PARTICIPATION AS A BOARD MEMBER OF THE MAGALIESBERG BIOSPHERE

I have been a co-owner in a farm in the Magaliesberg Biosphere for almost 20 years. Over this period I have come to appreciate the uniqueness of the Magaliesberg Biosphere from historical, environmental, social, cultural and economic perspectives. These various perspectives must be kept in balance so as not to destroy what is valuable in the biosphere and to develop that which has been neglected.
